## **ATTACHMENTS AND ACCESSORIES FOR ALL MODELS**

### **Tractor**

#### **ROTARY MOWER AA42**

- Fits E20, E15, and E12
- Front-mounted for trimming under and around bushes, trees, etc. Cuts the grass before the tractor rolls over it, greater visibility allows more cutting on every pass
- Mowers are available with either side discharge — **AA42S** — (best for less frequent mowing without grass pickup) or rear discharge — **AA42R** — between wheels under tractor (safest and facilitates grass or leaf pickup with sweeper or vacuum). Both have full rear roller
- 3 blades on 3 motors provide large 42" cutting width
- Mower can be flipped up for simple cleaning and easy blade changing or sharpening
- Blades stop in less than 3 seconds when operator leaves seat, switches PTO off, or turns off key

#### **42" MID-MOUNTED MOWER AH42**

- Fits E12M
- Floats over the contour of the land without scalping
- Choice of rear discharge — **AH42R** — (safest and facilitates grass or leaf pickup with sweeper or vacuum) or side discharge — **AH42S** — (best for less frequent mowing without grass pickup. Full rear roller
- Easy to put on and take off tractor
- Cutting height controlled by fast-acting lever lift from operator's seat
- 3 blades on 3 motors provide large 42" cutting width
- Blades stop in less than 3 seconds when operator leaves seat, switches PTO off, or turns off key

#### **36" MID-MOUNTED MOWER AH36**

- Fits E10M and E8M
- 2 blades on 2 motors provide 36" cutting width
- Independent ground-following suspension — 4 parallel arms attach to tractor, 3 front skids for anti-scalp protection
- Side discharge
- Blades stop in less than 3 seconds when operator leaves seat, switches mower off, or turns off key
- Cutting height controlled by fast-acting lever lift from operator's seat
- Quick-pins permit easy on and off tractor

### FRONT-MOUNTED GANG MOWER AR56

- Fits E20, E15, E12
- 3-gang reel mower (2 in front, 1 in rear) cuts 56" width
- Trims under objects, lets operator see where he is cutting
- Easily adjusts from 5/8" to 2-1/8"
- 5 sturdy high-carbon spring steel blades per reel
- Easy-adjust bedknife. No-rust screws
- Wide, semi-pneumatic tires flex evenly to reduce turf damage
- Electric front lift used to raise front mowers

### GANG MOWER AR57

- E20, E15, E12, E12M, E10M
- 3-gang reel mower cuts 57" width
- Easily adjustable from 1/2" to 2-1/2" cutting height
- 6 tempered blades and heat-treated bedknife
- Universal hitches allow attachment of up to 5-gang reel

### WALK-BEHIND POWER MOWER PM32

- Top quality 110-volt unit plugs into standard home outlet
- 18" cut with a high-vacuum-lift blade
- Blade/motor impact protection with mechanical slip clutch
- Powerful 10-amp motor with proven reliability
- Reduction gearing for high torque
- Swingover chrome handle is safe, lockable
- 7 instant cutting height adjustments
- Excellent grass dispersion or filling of catcher
- Deluxe, large 7" wheels for easy roll
- Recessed start/stop switch
- Safe front and rear foot guard
- Strong steel housing
- U.L. approved
- Requires PM10 100' AC cord with ground
- PM15 heavy-duty grass catcher optional (shown)

### TRACTOR COVER AP80

- Fits all models
- Made of strong, durable, black, vinyl-coated nylon
- Designed for temperatures to -40°F
- Has air vents for good air circulation
- Easily mounted on tractor or mower with an elastic shock cord hem and belly band

### MOWER COVER AP81

- For front mounted mowers
- Easily mounted on tractor or mower with an elastic shock cord hem and elastic tie band to secure together under tractor

#### LAWN SWEEPER AS31

- Fits all models
- Can be electrified for superior sweeping with constant-speed drive using conversion kits **KS31** and **KS32** (for E20, E15, E12, E12M, E10M)
- 31" sweeper brush sweeps an area wider than the *discharge width* of the 42" ELEC-TRAK rear discharge mower
- Convenient dump-to-rear and brush height adjustment from the driver's seat
- Light-duty dethatching possible with powered sweeper

#### ELECTRIC RAKE LFT-GE

- Fits E20, E15, E12
- Removes light lawn thatch, rakes clippings, leaves (wet or dry), clears apples, acorns, twigs, pine needles
- Powered by strong, electric motor. Plugs into tractor PTO
- Compact and easy to maneuver
- Clears a 3-foot wide swath
- Rugged, welded steel frame
- Unique "loom action" gives gentle but positive raking
- Debris and rakings discharged to side in neat windrows
- Order from York Rakes, York Modern Corporation, Unadilla, New York 13849

#### SLEEVE HITCH AP50

- Fits E20, E15, E12
- Takes all implements built to industry standard for sleeve hitches
- Easy to attach with two bolts
- Can be used with electric or manual rear lift (**AP59**, **AP58**)

#### HITCH ADAPTER CH10

- Fits E20, E15, E12, E12M
- A variety of hitches or balls can be attached or easily installed
- Hitches mount in rear stabber openings

#### FRONT IMPLEMENT MOUNTING BRACKET AP56

- Fits E20, E15, E12
- To be used with dozer blade, V-plow, snow thrower, and front platform lift
- Easily slides into front stabber and locks on with front clevis pins
- Model **AP55** fits E12M
- Model **AP54** fits E10M, E8M

#### WEIGHT/TOOL BOX AP85

- Fits E20, E15, E12, E12M
- Weight box locks into rear or front stabbers (for snow throwers or tillers)
- Will hold 200 lbs of ballast (5 standard 4" concrete blocks at 40 lbs) or carry tools, accessories
- **AP86** for E10M, E8M

#### TIRE CHAINS

- Chains for 8:50 x 12 tires, 2-link **AP65** fits E12, E12M
- Chains for 9:50/10:50 x 12 tires, 2-link **AP68** fits E20, E15
- Chains for 10:50 x 8 tires, 2-link **AP64** fits E10M
- Chains for 8:50 x 8 tires, 2-link **AP63** fits E8M

#### MANUAL REAR LIFT AP58

- Fits E20, E15, E12, E12M
- Has 7-to-1 mechanical advantage — lifts sleeve hitch and tools
- Fits easily into rear stabber
- Designed for easy attachment to **AP50** sleeve hitch (shown above)
- Lift can be set at four different height adjustments

#### ELECTRIC REAR LIFT AP59

- Fits E20, E15, E12, E12M
- Quickly mounts into rear stabber
- Plugs electrically into its own outlet
- A flick of the switch lifts or lowers attachments
- Can be used with all sleeve hitch attachments, and other attachments requiring rear lift

#### 42" SNOW THROWER AD42

- Fits E20, E15, E12, E12M
- Instant on, Safety interlock with tractor seat switch
- Direct chain-drive from its own high torque motor, independent of tractor speed
- Discharge chute rotates 270° from tractor seat
- Adjustable skid shoes
- Raise or lower electrically with standard tractor lift (quick-lever lift on E12M)
- Includes AP85 weight box
- Requires KD42 adapter kit and AP55 for E12M
- Requires AP56 for E20, E15, E12

#### 36" SNOW THROWER AD36

- Fits E10M
- Complete with lift adapter and AP86 weight box
- Requires AP54 implement mounting bracket
- Requires KD10 PTO kit

#### 48" SNOW/DOZER BLADE AB48

- Fits E20, E15, E12, E12M
- Large 48" blade width
- Angle adjustment controlled from driver's seat
- Height of blade controlled by standard electric tractor lift (quick-lever lift on E12M)
- Replaceable wear blade is adjustable to vary blade attack
- Blade trip springs protect against damage on impact
- High traction/torque of ELEC-TRAK tractor makes dozing heavy loads easy
- Requires KB48 adapter kit and AP55 for E12M
- Requires KB84 adapter kit and AP56 for E20, E15, E12
- AB42 42" Snow/Dozer Blade fits E10M, E8M. Requires AP54 front implement mounting bracket. (AB42 includes remote angling handle and lift adapter)

#### 48" V-PLOW BV48

- Fits E20, E15, E12
- Clears a 48" path through snow
- 18" high, heavy-duty all-steel blades
- Replaceable steel wear-bar on each blade
- Raise or lower electrically with standard tractor lift
- With three gauge shoes for maintaining height adjustment
- Requires AP56 implement mounting bracket

#### SNOW CAB AG55

- Fits E20, E15, E12
- Simple and rugged steel construction for strength and ease of assembly
- Large safety-glass windshield with electric windshield wiper
- Snap-in nylon reinforced curtains with vinyl windows for winter
- Easy entry into cab with large zippered doorway
- A convenient pocket flap opening allows easy access to operate snow thrower or dozer blade controls
- Can be adapted to fit E12M

#### **TILLER VV100 – Brinly TILLER MOUNTING BRACKET VV101 – Brinly**

- Fits E20, E15, E12
- Tills 30" width
- Tills up to 20,000 sq ft at four-inch depth on one recharge
- Tiller can be center mounted or offset to either side
- Mounts to axle with tiller mounting bracket
- Can be adjusted for two tilling angles
- Requires electric rear lift **AP59** and **VV101**
- Available from Brinly-Hardy, 340 E. Main St., Louisville, Ky. 40242

#### **MOLDBOARD PLOW PP510 – Brinly**

- Fits E20, E15, E12
- 10" moldboard plow with adjustable hitch clevis for different plowing conditions
- Has an 11" rolling coulter that will swing out for trash clearance
- Requires **AP50** sleeve hitch
- Quiet, high-traction ELEC-TRAK tractor makes plowing a pleasure
- Easy disengagement or transport with rear lift **AP58** or **AP59**
- Available from Brinly-Hardy, 340 E. Main St., Louisville, Ky. 40242

#### **DISK HARROW DD500 – Brinly**

- Fits E20, E15, E12
- Has eight 11" diameter steel disk blades for cutting width of 29" to 39"
- Individual disks have a positive angling adjustment of 10, 15 and 20 degrees
- Angle weight box holds standard 16" concrete block
- Requires **AP50** sleeve hitch
- Easy disengagement or transport with rear lift **AP58** or **AP59**
- Available from Brinly-Hardy, 340 E. Main St., Louisville, Ky. 40242

#### **ROW CROP CULTIVATOR CC500 – Brinly**

- Fits E20, E15, E12
- A versatile unit for cultivating a wide range of crops
- Adjustable for rows from 6" to 42" wide
- Use for straddle-row, reverse position for between-row cultivation
- Equipped with 7 reversible shovels, gauge wheels, bolt and strap for holding weight block
- Requires **AP50** sleeve hitch
- Easy disengagement or transport with rear lift **AP58** or **AP59**
- Available from Brinly-Hardy, 340 E. Main St., Louisville, Ky. 40242

#### **TOOL BAR TT100 – Brinly**

- Fits E20, E15, E12
- The tool bar, with appropriate accessories, extends the use of your tractor to many operations; including: light grading, scarifying, back-filling, finish grading, seedbed preparation, hilling, covering, cultivating, disking and packing
- Consists of 5-ft steel bar welded to heavy-duty hitch, with rear extension for attaching drags, etc.
- Requires **AP50** sleeve hitch
- Easy disengagement or transport with rear lift **AP58** or **AP59**
- Available from Brinly-Hardy, 340 E. Main St., Louisville, Ky. 40242

#### **DUMP CART AF12**

- Fits all models
- Large 12-cubic foot 1000-lb capacity (4' x 3' x 1')
- All steel 6-gauge body with full-length 14-gauge bottom reinforcing channels, Reinforced corner angles and formed top
- Removable rear tail gate slides between reinforced channels
- Stake pockets for adding side extensions
- Spring-loaded trip latch for dumping locks itself. Can be operated from driver's seat by adding rope
- Pneumatic 4:30 x 8 tubeless tires
- Heavy-duty axle with fittings for lubricating wheel bearings

#### **TRACKLESS TRAIN HITCH KF12**

- Used with Dump Cart **AF12**
- Bolts on to cart rear channels
- Facilitates trackless train operation with multiple carts
- Easy to turn around objects. Succeeding carts track first cart

#### **ROLLER AERATOR/CULTIVATOR BA36**

- Fits all models
- 36" wide with 18 spikers
- Loosens soil for sun and rain to help grass grow
- Each spiker operates individually to neatly punch holes
- Equipped with oilite bearings and a tray for additional weights
- Quickly attaches to tractor pin hitch

#### **LAWN ROLLER BR36**

- Fits all models
- 36" wide and weight is approx. 600 lbs filled with water
- Rounded edges prevent harm to turf on turns
- Scraper bar automatically cleans the drum, making rolling smoother
- Brass pipe plug is strong and non-rusting

**Elec-Trak®**

#### **FRONT PLATFORM LIFT BL36**

- Fits E20, E15, E12
- Rests flat on ground and tilts as it lifts to hold objects secure
- Platform mounts on front of tractor with **AP56** bracket
- May be raised and lowered with standard electric lift
- Designed for transporting up to 250 lbs — move shrubs, fertilizer, garbage cans, etc.

#### **POWERED ROTARY BROOM**

- Fits E20, E15, E12
- 4-ft. rotary broom ideal for clearing debris, gravel, leaves or light snow
- Powered by separate 36-volt electric motor. GE motor kit **KM10** (same as snow thrower — interchangeable)
- Perfect for outdoor skating rink maintenance
- Rotary broom available from Jenkins Equipment Co., Dexter, Michigan 48130. **KM10** motor kit available from GE

#### **VACUUM AND CART CV70 (Turf or Hard Surfaces)**

- For E20, E15, E12, E12M
- Ideal for turf and grounds vacuuming
- Anti-scalp design prevents digging or scraping turf
- 30" nozzle opening adjustable from the tractor seat
- 20-bu bagging capacity with extra large opening for dumping
- Vacuum cart usable by itself as a trailing cart (20" x 40" x 8")
- Optional 6" hose kit available for hand cleaning (From Ecology Products, Tariffville, Conn. 06081)
- Adjustable nozzle height with rubber skirts for good ground contact
- Hitch-yoke assembly allows good ground following and ease of backing entire vac/cart
- (Over-all size vac/cart) 47" high, 32" wide, 80" long

#### **VACUUM (Hard Surfaces) CV60**

- For E20, E15, E12, E12M
- Quiet, powerful, electrically operated vacuum plugs into and trails behind ELEC-TRAK tractor or operates on optional cord for hard-to-get-at areas
- 30" adjustable nozzle opening for large papers or fine sand
- Clean disposal of collected debris with 2.6-bu throw-away plastic bags
- Optional 6" hose kit available for hand cleaning (From Ecology Products, Tariffville, Conn. 06081)
- Requires heavy-duty extension cord for push operation (not included)
- Bag contained in sturdy snap-on-and-off container
- Three section upper vent bag allows maximum air release
- Center discharge deposits waste into bucket evenly
- Two large pneumatic wheels for easy maneuvering

#### **INVERTER AP60**

- Fits E20, E15, E12, E12M
- AC inverter provides 117-volt, 60-Hertz power from tractor
- Fully charged battery at 80°F provides 250-watts for 15 hours, 500-watts for 10 hours, or 1000-watts for 5 hours
- Fully charged battery at 32°F provides 250-watts for 15 hours, 500-watts for 10 hours, or 1000-watts for 2-1/2 hours.

#### **DC ARC WELDER AP90**

- Fits E20, E15, E12, E12M (E10M requires **KD10** PTO Kit)
- For farm, home, and general maintenance welding on 1/6" to 1/2" steel
- Portable DC arc welder plugs directly into tractor power supply
- 3 heat ranges: low, medium and high (up to 180-amp)

#### **WELDER ACCESSORY KIT AP92**

- Contains approved fiberglass welding helmet, a large safety glass area, leather gloves, and welding rods

#### **DOUBLE SEAT BD22**

- Fits E20, E15, E12, E12M
- Converts your tractor to a personnel carrier
- When used in conjunction with Canopy Top and Golf Bag Holder converts tractor to a 2-passenger golf cart

#### **GOLF BAG HOLDER BG33**

- Fits E20, E15, E12, E12M
- Golf bag holder easily attaches to rear of tractor
- Will hold two golf bags with quick release straps

#### **CANOPY TOP BC11**

- Fits E20, E15, E12
- Canopy attaches to tractor body
- Covers seats and controls
- Can be used with either standard or double seat

#### **ELECTRIC HORN AP69**

- Fits E20, E15, E12, E12M
- 12-volt electric horn
- Easy to operate with large push-type horn button
- The kit is complete for hook-up and installation
- Provides easily heard signal to warn bystanders or gain attention

#### **RADIO BRACKET AP75**

- Fits E20, E15, E12, E12M
- Easy on and off with 2 bolts
- Designed to fit GE radio P4920 or radios up to 8-1/2" wide and 2-1/4" deep. (Minimum radio height 4")
- Radio slides easily under stretch cord
- Enjoy good listening with quiet ELEC-TRAK tractor operation

#### **REAR TAIL LIGHT KIT AP70**

- Fits E20, E15, E12, E12M
- Double-lamp bright rear tail light
- Complete with all mounting hardware and wire
- Operates with headlights from the tractor light switch

#### **HEADLIGHT KIT AP71**

- Fits E10M, E8M
- Mounts in grill
- 2 sealed-beam units
- Complete with switch and wire

#### **PTO KIT KD10**

- Fits E10M
- Permits use of **AD36** snow thrower and **AP90** welder

#### **ELECTRIC CHAIN SAW HS13**

- Plugs into E20, E15, E12, E12M, E10M (optional outlet E8M)
- Light weight
- Fast high-speed cuts with Oregon Chain
- Instant on and off with trigger-type switch
- 13" bar will double-cut up to 26" logs
- Plunger-type oiler forces oil into chain while cutting
- Complete with 20-foot cord and plug
- Quiet enough for inside work — fire-wood preparation, etc.
- Use with **AF12** dump cart provides mobile cut-and-haul capability

#### POWER HANDLE TM3

- Plugs into E20, E15, E12, E12M, E10M (optional outlet E8M)
- 36-volt power unit
- Takes drill, grass trimmer, and hedge trimmer heads

#### DRILL HEAD TH20

- TH20 drill head — takes up to 1/4" drills (fits TM3 above)

#### LAWN EDGER/TRIMMER HE06

- Plugs into E20, E15, E12, E12M, E10M (optional outlet E8M)
- Use for edging or lawn trimmer
- Extra front wheel provides smooth edging
- A rear guard helps protect the operator
- Has a built-in anti-scrape guard for trimming
- A light 8-1/2-lbs makes long usage easy
- Requires extension cord HT25

#### GRASS TRIMMER HEAD TH80

- Ideal for cutting around trees, rocks, along stone walls, under fences
- Has built-in clutch which will slip to prevent damage to the mechanism should hard objects get into blades
- Fits GE TM3 power handle

#### SMALL ACCESSORY OUTLET KIT AP41

- Converts E8M for portable tool hookup
- Use all 36-volt ELEC-TRAK hand tools
- Complete kit and instructions

#### HEDGE TRIMMER HEAD TH70

- Double-edge 15" steel blades with reciprocating motion
- Helper handle makes it easy to use in horizontal or vertical positions
- Fits GE TM3 power handle

#### WEEDER/CULTIVATOR HC05

- Plugs into E20, E15, E12, E12M, E10M (optional outlet E8M)
- Makes weeding, cultivating, or digging a garden easy
- Tills an area 5" wide, can dig down to 6" depth
- Easy to operate with trigger switch, and only weighs 9 lbs.
- A long handle lets you stand up and keep clean
- Requires extension cord HT25

# electric!

Meet General Electric's full-line of cordless electric ELEC-TRAK® Lawn and Garden tractors . . . from the powerhouse E20 to the E8M grass-eater . . . a tractor to fit your price and needs.

And look inside for full details on ELEC-TRAK tractor versatility. Easy-on-and-off attachments . . . accessories that simply plug into the tractor for power . . . to handle most any job from mowing to plowing to cutting wood.
