

# **Elec-Trak<sup>®</sup>**

INDUSTRIAL TRACTOR

## MOVING BULK MATERIAL

### Front-End Loader (AL40)

#### **SPECIFICATIONS**

Model: AL40

Bucket Capacity: 500 pounds\*

Bucket Dimensions: 40" wide;  
4 cubic feet

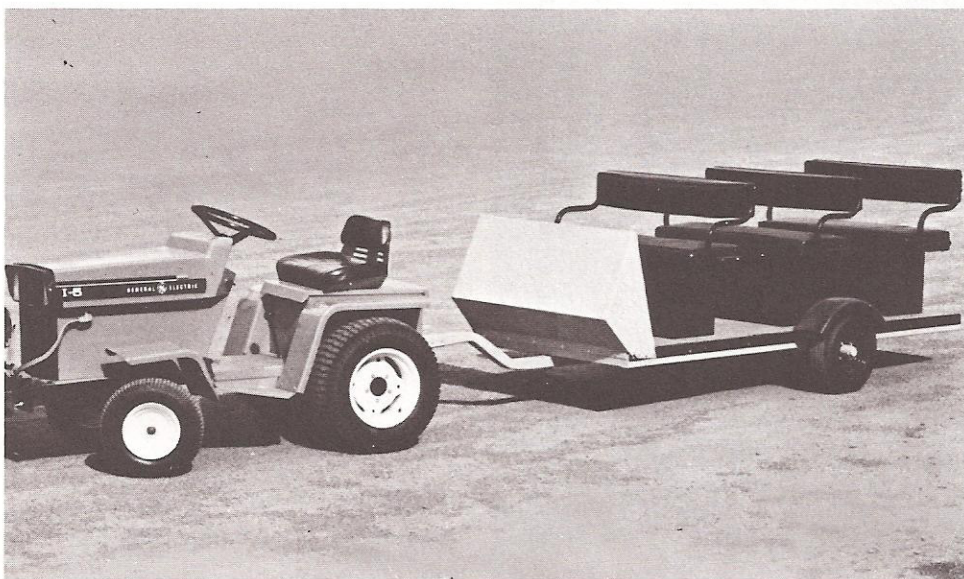

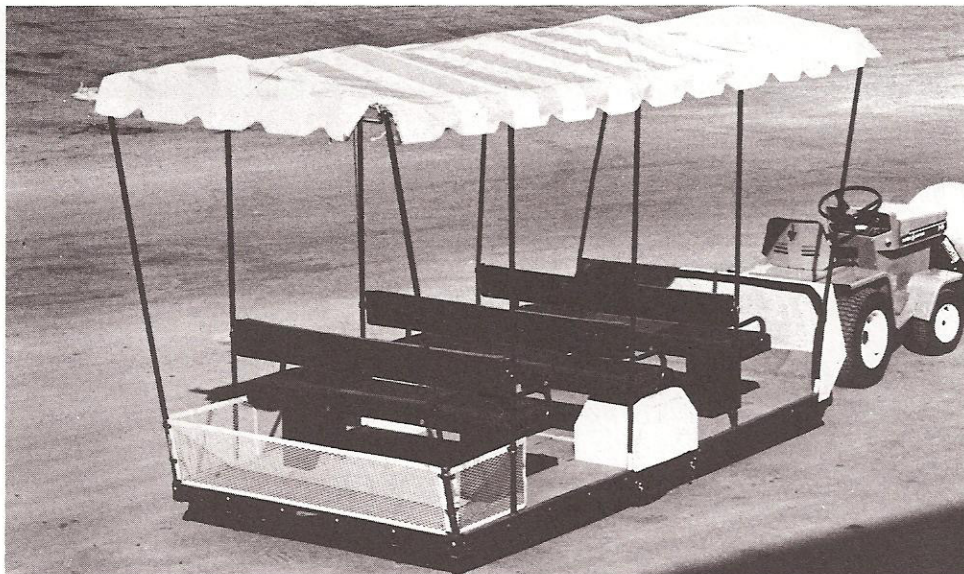

Lift Height: 74"

\*with 240-pound counterweight in  
rear weight box and 175-pound  
driver

Loading and transporting bulk material no longer means noisy, smoking bucket loaders. This unique 500-pound capacity loader for the Elec-Trak<sup>®</sup> tractor operates on electrically powered hydraulics. The self-leveling bucket gets its lift from double-acting cylinders. Two levers near the dashboard control the bucket lift. Plenty of down pressure is available. Sold with weight box.

# PEOPLE MOVING

## Passenger Trailers (CT40 and CT60)

Comfortable, reliable, and inexpensive personnel carriers are available with the Elec-Trak<sup>®</sup> system. Move your own people or tour guests quickly and safely with a six- or nine-passenger personnel trailer. Thick foam rubber seats, carpeted floor, decorative canopies are available: all add up to luxury with efficiency. Towed by the powerful I-5 Elec-Trak<sup>®</sup> tractor.
