January 14, 1974

TO: ELEC-TRAK TRACTOR DEALERS

This is to inform you that we will have available in late February a good protective cover for tractor or rider boxes stored outside. OPEO conducted a six-month test of numerous samples, and this 6 mil clear plastic cover proved best. The pack containing 15 covers will be identified as AP79, and have a dealer net cost of \$30.00. This cover goes over the top and sides of all shipping boxes and is secured by stapling to the shipping cartons skid.

Covers will be stocked in Scotia, and orders should be sent to Order Service.

Sincerely,

J. W. Stackhouse,
MANAGER - PRODUCT PLANNING

CC: OPEO Salesmen
