SEALED BEAM HEADLIGHT KIT

FACTORY ORDER NUMBER 8-0840

TO: GEO

From: LAWNMOWER
Guy
Collection

FIG. 1. 8-0840 Light Kit

DESCRIPTION

The 8-0840 has been designed especially for the A-60 Electric Horse. When installed properly, it will provide sufficient light for after dark operations, such as mowing, aerating, etc. This kit employs a specially designed 36 volt sealed beam light bulb that, when needed, is available through Wheel Horse.

INSTALLATION

1. Remove the front cover of the steering console.
2. Bore a $1\frac{1}{16}$ " hole in the front of the steering console cover approximately 3" from the top and $1\frac{5}{8}$ " from the side (Fig. 2). Install grommet in the hole.
3. Using the plastic light housing as a template, mark and drill four $\frac{3}{16}$ " holes in the console cover.
4. Insert the lead wires through the $1\frac{1}{16}$ " hole and attach the light housing to the console using the $\frac{1}{4}$ screws, lockwashers and nuts.
5. Install the light wires between the male and female terminals of the fuel level gauge.
6. Reinstall the steering console cover.

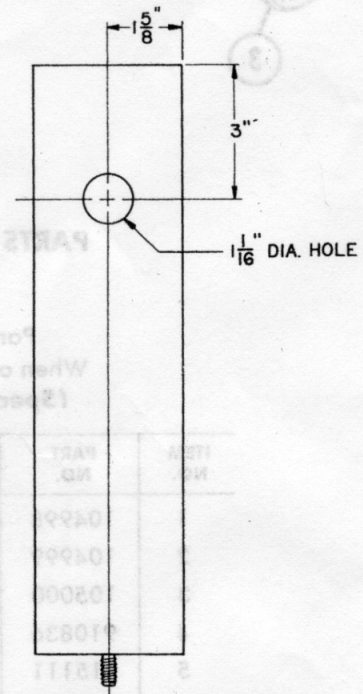

FIG. 2. Location of $1\frac{1}{16}$ " hole
