ROTARY MOWER
- Front mounted for trimming under and around bushes, trees, etc. Cuts the grass before the tractor rolls over it, greater visibility allows more cutting on every pass.
- Mowers are available with either side discharge (best for long grass without grass pickup) or rear discharge — between wheels under tractor (safest and facilitates grass or leaf pickup with sweeper or vacuum).
- 3 blades and 3 motors provide large 42” cutting width.
- Mower flips up for simple cleaning and easy blade changing or sharpening.
- Blades stop in less than 3 seconds when operator leaves seat, switches PTO off, or turns off key.

DUMP CART
- Large 12-cubic foot 1000-lb capacity (4’ x 3’ x 1’)
- All steel body with full-length bottom reinforcing channels
- Removable rear tail gate slides between reinforced channels
- Stake pockets for adding side extensions
- Spring-loaded latch for dumping. Locks itself

LAWN SWEEPER
- Electric motor kit (KS31) provides superior sweeping at a constant speed.
- 31” sweeper brush, sweeps an area wider than the discharge width of the 42” ELEC-TRAK rear discharge mower.
- Convenient rear dump and brush height adjustment from the driver’s seat.
- Light duty dethatching can be done with powered sweeper.

GANG MOWER
- 3-gang reel mower cuts 57” width.
- Easily adjustable from 1/2” to 2-1/2” cutting height of 5-gang reel.
- 6 tempered blades and heat-treated bedknife.
- Universal hitches allow attachment of up to 5-gang reel.
FOR WINTER

42" SNOW THROWER  AD42
- Instant on. Safety interlock with tractor seat switch
- High torque, single-stage direct chain drive auger works independently of tractor speed
- Discharge chute rotates 270" from tractor seat
- Adjustable skid shoes
- Raise or lower electrically with standard tractor lift
- Requires AP85 weight box

48" DOZER BLADE  AB48
- Large 48" blade width
- Angle adjustment controlled from driver's seat
- Height of blade controlled by standard electric tractor lift
- Replaceable wear blade is adjustable to vary the blade attack
- Blade tip springs protect against damage
- High traction/torque of ELEC-TRAK tractor makes dozing heavy loads easy

SNOW CA3  AG55
- Simple and rugged steel construction for strength and ease of assembly
- Large safety-glass windshield with electric windshield wiper
- Snap-in nylon reinforced curtains with vinyl windows for winter
- Easy entry into cab with large zippered doorway
- A convenient pocket flap opening allows easy access to operate snow thrower or dozer blade

WEIGHT/TOOL BOX  AP85
- Required for use with Snow Thrower for best traction (Included in Snow Thrower Package)
- Weight box locks into rear stabbers
- Will hold 200 lbs. of ballast (5 standard 4" concrete blocks at 40 lbs.) or carry tools, accessories

CHAINS
- Chains for 8:50 tires, 2 links AP65
- Chains for 9:50 tires, 4 links AP66
- Chains for 9:50 tires, 2 links AP68

48" V-PLow  BV48
- High-speed sidewalk plowing
- Clears a 48" path through snow
- 18" high, heavy-duty all-steel blades
- Replaceable steel wear bar on each blade
- Raise or lower electrically with standard tractor lift
- With three gauge shoes for maintaining height adjustment

TRACTOR COVER  MOWER COVER  AP30  AP81
- Made of strong, durable, black, vinyl-coated nylon
- Designed for temperatures to -40°F
- Has air vents for good air circulation
- Easily mounted on tractor or mower with an elastic shock cord hem
FOR YARD GROOMING

POWER HANDLE TM3
- 36-volt power unit
- Plugs into tractor accessory outlet
- Takes drill, grass trimmer, and hedge trimmer heads

DRILL
- TH20 drill head — takes up to 1/4” drills
- TH30 drill head — takes up to 3/8” drills

GRASS TRIMMER HEAD TH80
- Ideal for cutting around trees, rocks, along stone walls, under fences
- Has built-in clutch which will slip to prevent damage to the mechanism should hard objects get into blades
- Fits GE TM3 power unit.

HEDGE TRIMMER HEAD TH70
- Double-edge 15” steel blades with reciprocating motion
- Helper handle makes it easy to use in horizontal or vertical positions
- Fits standard GE TM3 power unit

WEEDER/CULTIVATOR HC05
- Makes weeding, cultivating, or digging a garden easy
- Tills an area 5” wide, can dig down to 6” depth
- Easy to operate with trigger switch and only weighs 9 lbs.
- A long handle lets you stand up and keep clean
- Requires extension cord HT25

LAWN EDGER/TRIMMER HE06
- Use for edging or lawn trimmer
- Extra front wheels provides smooth edging
- A rear guard helps protect the operator
- Has a built-in anti-scrape guard for trimming
- A light 8 1/2 lbs make long usage easy
- Requires extension cord HT25

ELECTRIC CHAIN SAW HS13
- Light weight
- Fast, high-speed cuts with Oregon Chain
- Instant on and off with trigger-type switch
- 13” bar will double cut up to 26” logs
- Plunger-type oiler forces oil into chain while cutting
- Complete with 20-foot cord and plug.

FOR HOME, FARM AND BUSINESS

DC ARC WELDER AP90
- For farm, home, and general maintenance welding on 1/8" to 1/2" steel
- Portable DC arc welder plugs directly into tractor power supply
- 3-heat ranges; low, medium and high up to 180 amp

INVERTER AP60
- AC inverter provides 117-volt, 60-Hertz power from tractor
- Fully charged battery at 80°F provides 250 watts for 15 hours, 500 watts for 10 hours, or 1000 watts for 6 hours
- Fully charged battery at 32°F provides 250 watts for 15 hours, 500 watts for 10 hours, or 1000 watts for 2½ hours

FRONT PLATFORM LIFT BL36
- Rests flat on ground and tilts as it lifts to hold objects secure
- Platform mounts on front of tractor with AP56 bracket
- May be raised and lowered with standard electric lift
- Designed for transporting up to 250 lbs — move shrubs, fertilizer, garbage cans, etc.

FOR CLEAN-UP

VACUUM AND CART (Turf or Hard Surfaces)
- Ideal for turf and grounds vacuuming
- Anti-scalp design prevents digging or scraping turf
- 30" nozzle opening adjustable from the tractor seat
- 12 bu. bagging capacity with extra large opening for dumping
- Throw-a-way bag liners optional
- Vacuum cart usable by itself as a trailing cart
- Optional 6" hose kit available for hand cleaning
  (AVAILABLE AUGUST 1971)

VACUUM (Hard Surfaces)
- Quiet, powerful, electrically operated vacuum picks up and trails behind ELEC-TRAK tractor or operates on a cord in hard-to-get-at areas
- 30" adjustable nozzle opening for large papers or fine sand
- Clean disposal of collected debris with 2.6 bu. throw-away bags
- Optional 6" hose kit available for hand cleaning
- Optional heads available for indoor or outdoor use
  (AVAILABLE AUGUST 1971)

LIGHT DUTY PALLET HANDLER—REAR OR FRONT MOUNT CP20
- Easily lifted with standard front lift or manual or electric rear lift
- Lifts and carries loads up to 300 lbs
- Mounts on front (AP56 bracket) or on rear of tractor
MANUAL REAR LIFT AP58
- Has 7 to 1 mechanical advantage—lifts sleeve hitch and tools or pallet handler
- Fits easily into rear stabber
- Designed for easy attachment to AP50 sleeve hitch
- Lift can be set at four different height adjustments

ELECTRIC REAR LIFT AP59
- Quickly mounts into rear stabber
- Plugs electrically into its own outlet
- A flick of the switch lifts or lowers attachments
- Can be used with any sleeve hitch attachments or pallet handler

HITCH ADAPTER CH10
- A variety of hitches can be attached or easily installed as illustrated by bell hitch above
- Hitches mount securely in rear (stabber) openings

ROLLER AERATOR/ CULTIVATOR BA36
- 36” wide with 18 spikers
- Loosens soil for sun and rain to help grass grow
- Each spiker operates individually to neatly punch holes
- Equipped with ollite bearings and a tray for additional weights
- Quickly attaches to tractor pin hitch

BROADCAST SPREADER BS40
- Cover 4 to 8 ft in one swath
- Feathered edge eliminates fertilizing streaks
- Adjustable flow control and instant on-off
- Can be towed or used as a walk-behind
- Large 40 lb — 5 gallon capacity

LAWN ROLLER BR36
- 36” wide and weight is approx. 600 lbs filled with water
- Rounded edges prevent harm to turf on turns
- Scraper bar automatically cleans the drum, making rolling smoother
- Brass pipe plug is strong and non-rusting

(Available from Jenkins Equipment Co. Dexter, Michigan 48130)
ELECTRIC TRACTOR FACTS

PERFORMANCE

Mowing: (on one charge)
60-inch 3 gang reel mower 3 to 5 acres
42-inch rotary mower* 2.5 to 3.5 acres
*(At approximately one acre per hour)

Hauling/Lawn Sweeping:
300 lb. load in 2 wheel cart 5-6 hours @ 3-4 MPH

Snow Blowing: (0-30°F)
42-inch single stage
Light snow (2-8 inches) up to 6-10 driveways
Medium snow (9-17 inches) up to 3-5 driveways
Heavy snow (18-24 inches) up to 2-3 driveways

Tilling:
Ground breaking and pulverizing:
@ 4” depth 2 to 2.3 hrs. up to 20,000 sq. ft.
@ 6” depth 1 to 1.2 hrs. up to 10,000 sq. ft.

Portable Power Tools:
Power drill, hedge trimmer, 15 to 20 hours
lawn edger, cultivator
Chain saw 4 to 6 hours

SPEED RANGE:
Variable speed from 1/4 mph to speed with full automatic control.

ACCESSORIES:
A wide variety of standard tractor accessories is available. All Elec-Trak attachments can be installed in minutes, removed in seconds. In addition, many 36 volt tools are available which simply plug into the Elec-Trak tractor for instant power.

FEATURES:
- Single lever (E-12, E-15) or foot pedal (E-20) speed control for both forward and reverse.
- Driver seat safety interlock—removes power when driver leaves seat. No accidental restarting.
- Electrically braked mower blades stop within three seconds.
- Front mounted rear-discharge mower discharges underneath tractor, between wheels. Allows easier trimming under shrubs and easy blade sharpening.
- “Programmed” starting sequence reduces risk of rollover on hills if speed control lever or foot pedal suddenly pushed to maximum speed.
- Very low center of gravity.
- “Human engineered” driver seating, control accessibility.
- Full brake pressure disconnects electrical power.

BUILT-IN BATTERY RECHARGE: (from standard 110V, 15 amp household outlet)
Complete recharge (95%) Approx. 5 hours*
75% recharge Approx. 3½ hours
50% recharge Approx. 2 hours
*Charger runs longer for full battery equalization.
