Batteries in Electric Garden Tractor

MACHINE AND MODEL

SUBJECT

To eliminate circuit and range problems, it is very important that the proper battery goes with the proper tractor.

On each battery carton there is a stamped number (Example: 080-0006). When you receive your batteries, separate them according to the stamped number on carton and using the chart below, install the batteries into the units accordingly.

<u>TRACTOR</u>	<u>BATTERY CARTON NO.</u>	<u>VOLT</u>	<u>AMOUNT</u>
EGT 80	080-0006	12 V.	3
Extended Range	080-0006	12 V.	3
EGT 100	100-0002	6 V. Standard	6
EGT 120	120-0009	6 V. Heavy Duty	6
EGT 150	120-0009	6 V. Heavy Duty	6
