SUBJECT: ELEC-TRAK SERVICE MEETING

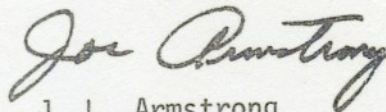

An ELEC-TRAK Service Training Program is scheduled for your area in accordance to the attached schedule. You should attend the meeting closest to your location. If there is more than one meeting in a location, you should attend the day indicated on the attached schedule.

It is extremely important that you and your key people know how to service the ELEC-TRAK. As you know, attendance at these training schools is a requirement of the G.E. ELEC-TRAK franchise and is essential for your continued growth and prosperity in this business. Be sure that at least one person from your organization attends this meeting. If you wish to send two or more people, we will be glad to have them attend. This session will last only one day from 9:00 AM until about 5:00 PM at the latest.

The class agenda is enclosed for your review. We will cover all the various aspects of the ELEC-TRAK. The majority of the service session will cover the electrical area and actual trouble shooting for all models. You should have a good understanding of how to repair the ELEC-TRAK after this session. Bring your green Product Service Manual and Service Training Manual. You should review these manuals, so you are familiar with the material.

You should plan to arrive at the meeting place by 8:45 AM.

Sincerely yours,

J. L. Armstrong
Manager - Dealer Training
